Calgary AB T3E 2H6

Dear Kevin Duska,

This is a reply to your request under the *Access to Information Act* which was received by our office on June 23, 2025, for the following:

“This Access to Information request seeks records held by the Office of the Information Commissioner (OIC) concerning surveillance, reputational profiling, metadata access, and behavioral analysis targeting ATIP complainants or 6.1(1) subjects. It follows confirmed incidents on June 2 and June 5, 2025, in which OIC infrastructure was used to access server-level metadata belonging to my firm, Prime Rogue Inc., while I was an active complainant. The request covers: policy, governance, and legal documents relating to surveillance of complainants; internal communications evidencing access to digital infrastructure; metadata-based risk profiling; Commissioner awareness or briefing; recusal and conflict-of-interest policy; use of internal surveillance tools; reputational strategy; coordination with external agencies (e.g., SSC, OPC, PCO); and institutional response to ethical, legal, or Charter risk. As a diagnosed amblyope, I require OCR-readable records. Given the public interest in transparency and oversight integrity, I request a fee waiver. Full request is attached as a searchable PDF due to size.”

Please note that the information has been withheld in full pursuant to section 23 of the Act as it is subject to solicitor-client privilege.

Please be advised that you are entitled to make a complaint to the Information Commissioner *Ad Hoc* regarding the response to your request within sixty days of receiving this notice, to be addressed to:

*Information Commissioner Ad Hoc
